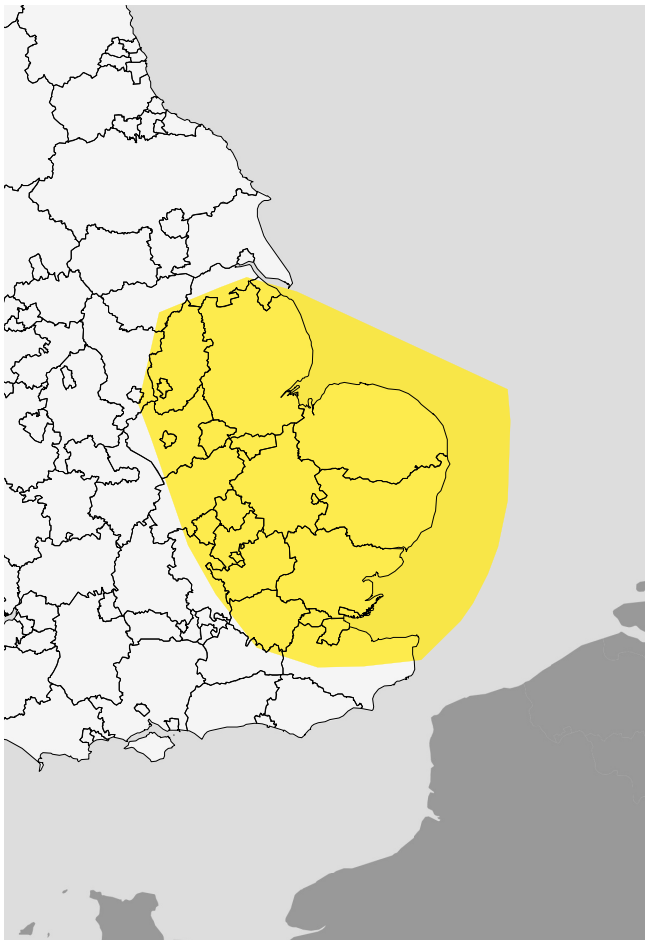
Yellow warning
Rain

Between
12:00 Mon 10 Jun 2019 and
23:59 Tue 11 Jun 2019



There is a chance that heavy prolonged rainfall could lead to local flooding and disruption to transport.

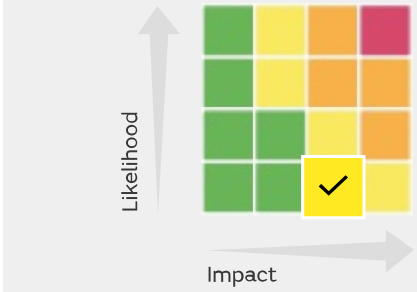
What to expect

- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- Spray and flooding could lead to difficult driving conditions and some road closures
- There is a small chance that some communities become cut off by flooded roads

Further details

There is a chance that heavy prolonged rainfall could lead to local flooding later on Monday and Tuesday. Whilst some places could miss the worst of the rain, there is a chance that 20-30 mm could occur quite widely, with locally up to 60 mm. Where areas of heavy rainfall become focused, much of this could possibly occur in less than 6 hours..

Across southern parts of the warning area, the rain should ease on Tuesday.



Very low likelihood of medium impacts
